MEMORANDUM FOR: Acting Chief, Geography Division

25X1C

SUBJECT: Safe Areas [REDACTED]
CIA/RR G/E 59-4

25X1A

REFERENCE: Memorandum For Chief [REDACTED] dated
26 August 1959, same Subject

1. We are in receipt of three copies of Subject. In conformance with your instructions, two copies of G/E 59-4 are being forwarded to SAC via AFCIN-2, using the address which you furnished.

2. This may be a good opportunity to make certain observations. From our point of view, G/E 59-4 not only selects a good Safe Area as contrasted with the infeasible and unusable [REDACTED] (G/E 59-2), but the description is much better; furthermore, it does not elaborate on operational possibilities, as incorporated into the fourth page of [REDACTED] report, which are irrelevant to a basic intelligence estimate. G/E 59-4 is very clearly written and provides comprehensive coverage of the significant details on all major criteria factors.

3. We have noted one discrepancy which you may wish to correct. Your covering memo, reference, states that the area is centered on [REDACTED]. Actually the area is plotted, and so stated in the second line of the report, as being centered on [REDACTED]
